

## **Short biography about Bruno Greco**

**Bruno Greco** was born in Varese (Italy) in 1951 and from his childhood distinguished himself at first for the natural endowments in freehand drawing and then in painting. He took a degree in Engineering, but never forgot his passion , showed in the juvenile works(1969–1977).

He devoted many years to family and industrial work, then he started again with enthusiasm the artistic activity with several collective and one–man exhibitions in all Italy and in the world ( Montecarlo, Londra, Parigi, Hangzhou, New York, Atene, Bruges, Barcellona, San Josè, Locarno, Bruxelles, Berlin, Stuttgart, Hong Kong), introduced by important criticsians.

Figurative painter in the oil technic ( with sign B.Greco), since 2007 he has also introduced abstract and figurative works in acrylic or acrylic/material, inspired to the inner interpretations of the emotions ( with sign "brown777 B.G." ).

### **Artist statement :**

"In the world which is around me, in the nature, in the intensity of a gaze or in the poetry of a landscape, I feel the synthesis of that beauty which makes my being vibrating and moves my feelings.

Fixing on canvas all that it's like to elevate a hymn of praise to the creation throughout a colours symphony which I would like echoing in a space without time ."
