

Pu Dong

Born 1968, Changchun, P. R. China

Pu Dong was born in 1968 in Changchun, China. He graduated from Sichuan Fine Arts Institute in 1991 and has been a professional artist since then. He is now based in Chengdu, China.

Plants have always been the main image that runs through Pu's creation in the art. The works selected here present a new look of the artist in the artistic creation in the past two years. In the works, a force of life surges in it, which is strong and tenacious. The day-to-day images and the point of view selected by the artist act as the main focus to express emotions. They also construct a hazy and private world leads the viewer to step on tiptoe and breaks the viewer's calm thoughts in the uneasy plot created by the artist.
