Artwork description

Yeon Pung Yeon Ga (Love Wind Love Song)

I am grateful for the blessings of nature. I can't but express appreciating for strong vitality from nature around us even as not huge. We continue to make a relationship with each other in nature. Every relationship is inevitable. [Yeon Pung Yeon Ga (Love Wind Love Song)] is a sequel to a first solo exhibition [life and Relationship] in 1992 and a second solo exhibition [My little garden] in 2008. My 'Yeon Ga (Love Song)' contains my identity, stories and reminiscence with others.
