2017 My name is-Gallery M (seoul)

2016 I know Young hee and Chul soo- Gallery art soup(chuncheon)

several Group Exhibitions & Invitation Exhibitions

artist note

My work is about communication and relationship with people.

It is about all the people of my generation that I know, who in order to survive in society isolate themselves from it, and expend all their energy. It lets me think again

about you, me, and our shared space and time.

Simplified and exaggerated facial expressions that bring back nostalgic memories of

the faces of family and friends naturally appear, and emphasize once again the importance of being human.
