Artist note

From March of 2017, I started 'Jeju sketch trip'.

I usually go to Jeju on weekends for two nights and three days every month.

It has been more than a year and six months since I have traveled all over Jeju Island.

Go to Jeju's famous places - go to hidden places that are totally unfamiliar,

I also heard the story of Jeju's sick history, I also visited the site.

(4.3 History of Jeju / Jeju's Pony Museum/ Jeju's dragon eye Oreum etc.)

To learn about Jeju culture, I felt the change of winter and summer all over my body.

go up the high, low hills - 'Oreum' of Jeju,

Low and wide forest with Jeju history - I went to 'Jeju Gotjawal'

And we meet settlers from the land,

The local residents also met and the night was filled with stories like this.

Now, I have drawn many pictures of Jeju in various paintings, I expressed the landscape of Jeju in my own way.

The stories of long trips are now It became a work called 'Go to Jeju'.
