

Kim Jun Hyung

Kim Jun Hyung was born in 1984 in Seoul and studied at the Faculty of Fine Arts, Hyupsung University. Kim Jun Hyung uses the language in his artwork, actually that the text of language is the bible. Also, instead of taking the text as a visual image, his aim is to give a pure expression of the meaning of bible. His artwork shows two types of work: one shows the concept between the meaning of bible and painting image and then he talks about the meaning of bible. His work is not just about the image but thinking and finding philosophical and religious meaning.
