Founded in 1998, Pu Xi Tang has always set its eye on advocating the global transcultural interflow between artists, collectors, curators and art institutions. Integrity has always been one of our key traits, leading people into an artistic world full of oil paintings, watercolors, modern printings, Chinese inks, new media paintings and Chinese realistic printings, etc. With original works from prominent artists such as Zhuang Zhong, Feng Jialiang, Zhang Junwen, Feng Yixuan, Huang Yi, we have been successfully providing a unique art space, leaving an exciting and meaning impact on our visitors.
